Welcome Letter

Dear sponsor,

On behalf of the local committee of the 15th European Conference on Superplastic Forming (EuroSPF 2024), I would like to invite you to join us on this 2024 edition that will be held in the Basque Country, province of Cádiz, southern ouest France, from 11 to 13 of September.

The EUROSPF is a conference focused on all aspects related to the superplasticity of materials and the Superplastic Forming, covering diverse topics like material science, process simulation, press design, die optimisation, tool design, lubrication or industrial applications, among others. Since 2001, it has been annually organised by different universities and institutions of France, United Kingdom, Germany, Spain, Liechtenstein and Italy. The Conference aims to serve as a referential and meeting point around the superplasticity and the superplastic forming, giving the participants the opportunity to show their current works and promoting future collaborations. For this edition, we will have the collaboration of the LAUAK Group, having programmed an industrial visit to the LAUAK factory in Hasparren which holds the SPF workshop or the AddimAdour/CompositAdour factory in Bayonne specialized in composite.

The local committee aims to gather on a cosy event, academics, researchers and professionals. In that sense, interested companies are welcome to join us through the different types of collaborations. We are also open to receive any comment or suggestion in order to facilitate the participation.

On behalf of the local committee, we are pleased to form a collaboration that can benefit both parts, facilitating the international visibility of your company and making possible the EuroSPF2024.

Sincerely yours,

The Local Committee
